Get ready to start sewing these fabulous Dizzy Geese.

Deb puts her own spin on a block designed by quilt maker Joan Streck. During the class students will assemble one block and work with techniques such as: "Fast Flying Geese". Precutting will allow each student time to construct one block during this class. Several tools are recommended but none are required. Tools will be available for purchase in class.

## "New Year's Star"

Saturday, August 28, 2010 9:30 – 4:30

Wow! Everyone will want to tackle this striking design. This class will involve several techniques that will use supplies such as "Triangles on a Roll" and the "Lazy Angle Ruler". You will also be doing A "Folded Corner" technique and a "Combination Unit" that is best constructed with Deb's "Tucker Trimmer" tool. Class will give instructions on all these techniques and tools will be available for purchase in class.
